

**EMPIRE STATE CHAPTER
SOIL & WATER CONSERVATION SOCIETY
PUBLICATIONS ORDER FORM**

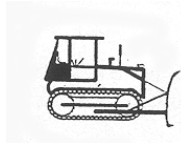

**NEW YORK
STANDARDS AND
SPECIFICATIONS
FOR EROSION
AND SEDIMENT
CONTROL**

contains standards and specifications for erosion and sediment control measures commonly used on construction sites. Both vegetative and structural measures (temporary and permanent) are included as well as standard detail drawings of specific practices that can be utilized directly on site development plans. These standards are required by NYS-DEC for erosion and sediment control components of basic and full Storm Water Pollution Prevention Plans (SWPPP).

The manual is a valuable tool for planners, engineers, landscape architects, contractors, local officials, reviewers, and others involved with development activities.

Cost: \$60.00

**NEW YORK
CONTRACTORS
EROSION AND
SEDIMENT
CONTROL FIELD
NOTEBOOK**

is a pocket sized document to provide contractors a quick, handy guide for the installation and maintenance of erosion and sediment control practices most frequently used in construction activities. It can also be used to document specific practices, their location, physical information and provide a maintenance record for a particular job site. Comes with dri-marker so notes can be made on laminated pages.

This manual has been prepared by the New York State Department of Environmental Conservation and the USDA – Natural Resources Conservation Service and made available to the Empire State Chapter of the Soil and Water Conservation Society for distribution and reprinting.

Cost: \$33.00

**NEW YORK STATE
STORMWATER
MANAGEMENT DESIGN
MANUAL**

provides designers with a general overview on how to size, design, select, and locate stormwater management practices at a development site to comply with State stormwater performance standards. This manual is a key component of the Phase II State Pollution Discharge Elimination System (SPDES) general permit for stormwater runoff from construction activities from all sizes of disturbance.

This manual has been prepared by the Center for Watershed Protection for the New York State Department of Environmental Conservation and made available to the Empire State Chapter of the Soil and Water Conservation Society for distribution and reprinting. (Includes new updates.)

Cost: \$42.00

Copies of these documents may be purchased from some county Soil and Water Conservation Districts or directly from the Soil and Water Conservation Society, Empire State Chapter. Check with your local county Soil and Water Conservation District for availability before ordering direct.

If ordering direct from SWCS prepayment or purchase order is required, please make check payable to "Empire State Chapter – SWCS". Mail this form with payment to:
